## Representative Cases

---

- Represented a well-known automobile manufacturer to handle hundreds of consumer complaint cases in the Chinese mainland region. The cases cover various types of complaints about both traditional energy vehicles and new energy vehicles, including but not limited to consumer complaints related to the RTM data of NEV, consumer complaints related to the Advanced Driver Assistance System (ADAS) and accident cases such as thermal incidents case.
- Represented in a right-to-know dispute over technical parameters and technical standards related to the vehicle's high-voltage system that was heard by the Third Intermediate People's Court of Beijing. The case is a typical case in the field of infringement of the right to know in automobile consumption.
- Represented a well-known automobile manufacturer to handle litigation involving the intelligent and connected functions and obtain favorable judgement. This case is one of the rare judicial precedents related to intelligent and connected functions in China at present.
- Represented a world-leading automobile parts manufacturer in handling development contract disputes in arbitration institution and obtain a favorable ruling.
- Represented a automobile dealer group in various contract disputes, including but not limited to cooperation contract disputes with insurance agencies and sales contract disputes with consumers.
